

Dana McCarty to Lead LitePoint Global Sales

Apr 29, 2014 7:00 AM

SUNNYVALE, Calif.--(BUSINESS WIRE)-- [LitePoint®](#), a leading provider of wireless test solutions, announced today that Dana McCarty has joined LitePoint as Senior Vice President, Worldwide Sales based at LitePoint's corporate headquarters in Sunnyvale, California.

“Dana brings us a deep expertise from both the silicon and test aspects of the wireless business in addition to a stellar track record of business growth in markets around the world. Dana's passion for the customer and the growing promise of wireless technology will enable LitePoint to continue our incredible growth and innovation leadership,” said Brad Robbins, Chief Operating Officer at LitePoint.

McCarty joins LitePoint after 12 successful years in various expanding sales roles at leading chipset provider, Broadcom; most recently as Global Vice President of Sales. During his time at Broadcom, McCarty also worked in Shanghai as Vice President of Pan Asia Sales and in Taipei, Taiwan as Senior Sales Director. McCarty holds a BSEE degree from the University of Texas at San Antonio.

“The most exciting aspect about coming to LitePoint is the opportunity to join the market leader in wireless test. LitePoint's proven track record of innovation and execution over the past 15 years has the company perfectly positioned to deliver outstanding customer value and continue to make big market share gains,” said McCarty.

About LitePoint

LitePoint, a wholly owned subsidiary of Teradyne, Inc., www.teradyne.com (NYSE:TER), is based in Sunnyvale, California. The company designs, develops and supports advanced wireless test solutions for developers of wireless devices and consumer electronics, contract manufacturers and wireless integrated circuit designers.
