NORTH READING, Mass., Aug. 05, 2020 (GLOBE NEWSWIRE) -- [Teradyne, Inc.](#) (NASDAQ:TER), a leader in semiconductor automated test solutions, announced its TUGx Global Seminars will be held virtually beginning in October. Originally planned to take place in over 25 locations around the world, TUGx 2020 will move to an all-virtual format consisting of seven separate events to address customers in various regions across the world.

Each TUGx event will span multiple days with three to four hours of presentations from Teradyne experts each day. Presentations will share test strategies with new instruments, software capabilities addressing unique test challenges, and best practices for test applications.

The Teradyne Users Group (TUG) was established in 1983 by Teradyne customers as a way to come together to share best practices, learn new test methodologies, and to get the most out of their Teradyne technology.
