

Teradyne Reports Strong Sequential Growth in Second Quarter 2014 Orders, Revenues and Earnings

Jul 23, 2014 5:02 PM

Q2'14 orders of \$627 million, up 39% from Q1'14 and up 32% from Q2'13

Q2'14 revenue of \$526 million, up 64% from Q1'14 and up 23% from Q2'13

Q2'14 diluted non-GAAP net income of \$0.54 per share, up from \$0.11 per share in Q1'14 and \$0.43 per share in Q2'13; Q2'14 diluted GAAP net income of \$0.47 per share

Q3'14 guidance: Revenue of \$440 million to \$480 million; Diluted non-GAAP net income of \$0.34 to \$0.43 per share; Diluted GAAP net income of \$0.27 to \$0.36 per share

NORTH READING, Mass.--(BUSINESS WIRE)-- **Teradyne, Inc.** (NYSE: TER) reported revenue of \$526 million for the second quarter of 2014 of which \$422 million was in Semiconductor Test, \$69 million in Wireless Test and \$35 million in System Test. On a non-GAAP basis, Teradyne's net income in the second quarter was \$116.4 million, or \$0.54 per diluted share, which excluded acquired intangible asset amortization and discrete income tax adjustments. GAAP net income for the second quarter was \$101.2 million or \$0.47 per diluted share.

Bookings in the second quarter of 2014 were \$627 million of which \$535 million were in Semiconductor Test, \$52 million in Wireless Test, and \$40 million in System Test.

"Company and Semiconductor Test orders in the second quarter were the highest in over ten years," said CEO and President Mark Jagiela. "Semiconductor Test orders were driven by a combination of capacity expansion and new design wins with the strongest demand from applications processor, power management, microcontroller and memory test. Our strong sales and earnings growth reflect both the short time to market requirements of chip makers and our operating model's ability to flex to meet customer demand. After the strongest first half of orders since 2004, our third quarter outlook reflects the industry's normal seasonal patterns."

Guidance for the third quarter of 2014 is revenue of \$440 million to \$480 million, with diluted non-GAAP net income of \$0.34 to \$0.43 per share and diluted GAAP net income of \$0.27 to \$0.36 per share. Non-GAAP guidance includes stock based compensation, but excludes acquired intangible asset amortization and the related tax impact.

Non-GAAP Results

In addition to disclosing results that are determined in accordance with GAAP, Teradyne also discloses non-GAAP results of operations that exclude certain income items and charges. These results are provided as a complement to results provided in accordance with GAAP. Non-GAAP income from operations and non-GAAP net income exclude acquired intangible asset amortization, retired CEO equity charge, non-cash convertible debt interest, discrete income tax adjustments, pension and post retirement actuarial gains and losses, restructuring and other, and a gain from the sale of an equity investment, and, prior to January 1, 2014, included income taxes on a cash basis [cash taxes reflects the usage of prior year favorable tax attributes (e.g. NOLs and credits) against current year tax liability]. GAAP requires that these items be included in determining income from operations and net income. Non-GAAP income from operations, non-GAAP net income, non-GAAP income from operations and non-GAAP net income as a percentage of revenue, and non-GAAP net income per share are non-GAAP measures presented to provide meaningful supplemental information regarding Teradyne's baseline performance before gains, losses or other charges that may not be indicative of Teradyne's current core business or future outlook. These non-GAAP measures are used to make operational decisions, to determine employee compensation, to forecast future operational results, and for comparison with Teradyne's business plan, historical operating results and the operating results of Teradyne's competitors. Non-GAAP gross margin excludes pension and post retirement actuarial gains and losses. GAAP requires that this item be included in determining gross margin. Non-GAAP gross margin dollar amount and percentage are non-GAAP measures that management believes provide useful supplemental information for management and the investor. Management uses non-GAAP gross margin as a performance measure for Teradyne's current core business and future outlook and for comparison with Teradyne's business plan, historical gross margin results and the gross margin results of Teradyne's competitors. Non-GAAP diluted shares include the impact of Teradyne's call option on its shares. Management believes each of these non-GAAP measures provides useful supplemental information for investors, allowing greater transparency to the information used by management in its operational decision making and in the review of Teradyne's financial and operational performance, as well as facilitating meaningful comparisons of Teradyne's results in the current period compared with those in prior and future periods. A reconciliation of each available GAAP to non-GAAP financial measure discussed in this press release is contained in the attached exhibits and on the Teradyne website at www.teradyne.com by clicking on "Investors" and then selecting the "GAAP to Non-GAAP Reconciliation" link. The non-GAAP financial measures discussed in this press release may not be comparable to similarly titled measures used by other companies. The presentation of non-GAAP measures is not meant to be considered in isolation, as a substitute for, or superior to, financial measures or information provided in accordance with GAAP.

Safe Harbor Statement

This release contains forward-looking statements regarding future business prospects, Teradyne's results of operations, market conditions and the payment of a quarterly dividend. Such statements are based on the current assumptions and expectations of Teradyne's management and are neither promises nor guarantees of future performance or future payment of dividends. You can identify

these forward-looking statements based on the context of the statements and by the fact that they use words such as “will,” “anticipate,” “expect,” “project,” “intend,” “plan,” “believe,” “target” and other words and terms of similar meaning in connection with any discussion of future operating or financial performance. There can be no assurance that management’s estimates of Teradyne’s future results or other forward looking statements will be achieved or that dividends will be declared in the future. Important factors that could cause actual results or dividend payments to differ materially from those presently expected include: conditions affecting the markets in which Teradyne operates; decreased or delayed product demand; increased research and development spending; deterioration of Teradyne’s financial condition, the business judgment of the board of directors that a declaration of a dividend is not in the company’s best interests and other events, factors and risks disclosed in filings with the SEC, including, but not limited to, the “Risk Factors” section of Teradyne’s Annual Report on Form 10-K for the fiscal year ended December 31, 2013 and Quarterly Report on Form 10-Q for the period ended March 30, 2014. The forward-looking statements provided by Teradyne in this press release represent management’s views as of the date of this release. Teradyne anticipates that subsequent events and developments may cause management's views to change. However, while Teradyne may elect to update these forward-looking statements at some point in the future, Teradyne specifically disclaims any obligation to do so.
